

Viper 640

One-Design Sportboat

After a successful Opening Regatta weekend at Fort Walton YC, I wanted to fill you in on opportunities for you and your members to sail a Viper 640, one of the boats proposed to replace the Flying Scot for GYA Capdeville competition. While we all share the pain of the sailors lost in the Dauphin Island race, it was great to see GYA sailors back on the water enjoying the sport we love.

Viper 640 Sailing Opportunities

240 boats worldwide

We'd like every club and sailor to make an informed choice about the boat that the GYA will be sailing for years to come. The best way to do that is to come sailing on a Viper and talk to us about why we in the Viper Class and Rondar Raceboats believe the Viper is the right choice for the GYA, not only for Capdeville, but for local and regional PHRF racing, and club daysailing and lesson plans as well.

We've put together a schedule of events, opportunities to try sailing a Viper yourself. It's a great boat, and we want to share our passion with as many Gulf sailors as possible.

Here is where we plan to be, with our local dealer [Gulf Performance Sailing](#) (Deb & Craig Wilusz from Ft Walton Beach, FL), local and visiting Viper owners, and myself from Rondar Raceboats.
