WELCOME!

All along the Mississippi Gulf Coast, and beyond, not only were homes and businesses demolished by Hurricane Katrina, a whole way of life was all but destroyed. None-the-less, we have been looking forward to hosting the 2006 Lipton Challenge Cup.

With a club facility comprised of two trailers, a connecting deck, and no kitchen, preparations have required creative and imaginative planning. We have been endeavoring to provide an enjoyable event for all of our guests, and ask for your understanding if accommodations are a little rough in some areas.

It has been our goal to make this a great regatta with good food and fellowship and, above all, well run races. May the weather be cooperative, the competition fierce, the pleasure abundant. On behalf of the Bay-Waveland Yacht Club I welcome you to this major event of the Gulf Yachting Association.

Sincerely,

Ted Dawson, Commodore  
Bay-Waveland Yacht Club

Gulf Yachting Association

The 2006 Gulf Yachting Association's Sir Thomas Lipton Challenge promises to be one of the highlights of this year's sailing. As the winner of the 2004 Sir Thomas Lipton Challenge, Bay-Waveland Yacht Club has rallied its membership to host this year's Lipton's after the devastation to the entire Gulf Coast by Hurricane Katrina just six days before the 2005 Lipton's were to be held. Judy Reeves is this year's Regatta Chair for BWYC and with the help of her committee has carefully planned a weekend to remember.

If you have never been a spectator at the Sir Thomas Lipton Challenge, you are going to experience some of the finest competition ever and the GYA is privileged to have this competition annually. Most of the competitors have grown up sailing with and against each other all of their lives. There are generations of families that have competed in Lipton regattas. The racing will be keen and intense. Individual club loyalties are fierce. At the end of the regatta, everyone lauds the winner and goes home to plan for next year's races.

The GYA is unique among sailing associations in the United States to have an interclub competition with a long prestigious history. Over the last few years, we have invited a guest judge from outside the GYA to come to the Lipton's. Each one asked eagerly accepts the invitation. They all express interest in our Capdevielle series. They want to know about the requirement of GYA General Member to own a Flying Scot, the history of the Lipton's, how the series is scheduled and where the races are hosted and so on.

This year's visiting judge is Allan Teske, a member of America Yacht Club in Chicago and a past US SAILING Mallory Championship Chair. He sails regularly, is an architect and an artist.

US Sailing President, Janet Baxter, is going to attending the 2006 Sir Lipton Challenge as a spectator. She is going to take this opportunity to visit with us to learn how we are doing in our recovery.

I hope you all enjoy this weekend of sailing and the opportunity to visit with your friends.

Sincerely,  
*Janet Miller-Schmidt*
